

## MGA

### Academic Program - Course Schedule and Learning Outcomes

Campus: Macon

College/School: SOB

Department: Health Service Administration

Academic Degree: BS

Major: HSA

Track (if applicable): Sports and Fitness Management

#### What are the Program Learning Outcomes?

*A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.*

1. Students will apply critical analysis skills to contemporary health issues through evaluation of research, health informatics, and have a basic understanding of the healthcare system and the environment in which healthcare managers and providers function.

---

2. Students will demonstrate the ability to apply business principles, including monitoring quality, systems thinking, human resources and financial management, to the healthcare environment.

---

3. Students will illustrate their ability to communicate clearly and concisely with internal and external customers, establish and maintain relationships, and facilitate constructive interactions with individuals and groups

---

4. Students will be able to appraise the legal and ethical aspects of health care administration and the abilities of leaders to inspire individual and organizational excellence, create a shared vision and successfully manage change to attain the organization's strategic ends and successful performance.
