

Student Success Center

Study Resources for Middle Georgia State University Students

<https://www.mga.edu/student-success-center/resources.php>

Process for finding study materials for any class

- 1) Check the SSC Website for videos and Internet links: call 478-471-2057 (Macon) or 478-929-6770 (Warner Robins) for passwords
- 2) Check the Macon Campus Library for materials in the reserve section (instructor solution manuals, citation guides, etc.)
- 3) Check the back of your textbook for additional websites for study resources
- 4) Check the Middle Georgia State University Campus Store for study guides and student solution manuals
- 5) Check this handout for additional resources and ask an SSC tutor for extra study tips

Resources for Mathematics

- **Student solution manuals** (odd problems worked) are available for purchase online or in the bookstore and **Instructor solution manuals** (odd and even problems worked) are available for selected courses in the reserve section of the Library
- The **TI-84 Graphing Calculator Guidebook** is useful for calculator input questions
- **Calculator tutorials** for Math Modeling (MATH 1101) and Elementary Statistics (MATH 1200) students are available at <https://calculator.mga.edu/>
- **Khan Academy** has over 4,000 videos for most math and science topics at www.khanacademy.org (all lower math courses as well as Calculus and above)
- **Virtual Math Lab** from West Texas A&M University has additional resources: <https://www.wtamu.edu/academic/anns/mps/math/mathlab/>

Resources for Foreign Language, Public Speaking, Anatomy and Physiology, Nursing/Health Sciences, Education, and more
