

MGA – Academic Program
Assessment Plan and Curriculum Map

On which campuses is the program offered? Macon and Warner Robins School of Health
 Academic College/School: Sciences Department: Nursing
 Degree: Bachelor of Science Major: Nursing Track (if applicable): Pre-Licensure

Assessment Plan

How will a student know they are learning what they need to learn to be successful when they graduate?

Please identify which type of learning activity will be used to teach the learning goal. Also identify the learning objective associated with the learning goal being taught. A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

	Learning Outcome	Assessment Types	Data Collection Points*	Target Performance
Learning Outcome 1	Synthesize foundational knowledge from the arts and sciences into the practice of professional nursing.	Clinical Observation Clinical Evaluation Tool	NURS 4315 Senior Nursing Practicum Fall and Spring	100% of students will obtain a passing/satisfactory rating at the end of the semester indicating the synthesis of foundational knowledge from the arts and sciences into the practice of professional nursing.
Learning Outcome 2	Integrate the role of leader/manager, advocate, clinician, and teacher in the delivery of care to individuals, groups and communities.	Ethical Responsibility Paper Grading Rubric	NURS 4200 Concepts of the Nurse as Leader/Manager Fall and Spring	100% of students will score 80 points or more on the Ethical Responsibility Paper, indicating understanding of desired integration of the professional nurses' roles as leader/manager, advocate, clinician, and teacher in the delivery of care to individuals, groups and communities, specifically when resolving ethical dilemmas.
Learning Outcome 3	Integrate caring, culturally sensitive behaviors in professional practice with self, individuals, groups and communities.	Community Assessment Project	NURS 4000 –Concepts of Community Health and Transcultural Nursing Fall and Spring	100% of students will score 80 points or more on the NURS 4000 Community Assessment Project, indicating an understanding of integrating caring, culturally sensitive behaviors in professional practice with self, individuals, groups and communities.

Learning Outcome 4	Evaluate research to improve health outcomes for clients and the community.	Appraisal of Research (Qualitative and Quantitative) Rubric	NURS 3330 Research Methods Fall and Spring	100% of students will score 80 points or more on both the Qualitative and Quantitative Review of Research project indicating their ability to evaluate research to improve health outcomes for clients and the community.
---------------------------	---	---	--	---

*Data collected for assessment purposes should be segmented by program location. Cochran, Macon, Dublin, Eastman, Warner Robins, or online students should be analyzed separately.

Curriculum Map

Where in a student's academic program will they be taught the content of each learning outcome and how will the content be taught?

	<i>Please identify the method of instruction (i.e. case study, lecture, experiential instruction, team activity, writing assignment, quantitative exercise) used to teach the learning outcome in courses required in the major. Not all major courses need to teach all learning outcomes.</i>													
Major Course	NURS 3000	NURS 3005	NURS 3010	NURS 3111	NURS 3115	NURS 3200	NURS 3330	NURS 4000	NURS 4116	NURS 4200	NURS 4210	NURS 4211	NURS 4315	
LO1 Synthesize foundational knowledge from the arts and sciences into the practice of professional nursing.													<i>Clinical Written Assignment (Journal)</i>	
LO2 Integrate the role of leader/manager, advocate, clinician, and teacher in the delivery of care to individuals, groups and communities.										Written Assignment (Ethical paper)			<i>Clinical Written Assignment (Journal)</i>	
LO3 Integrate caring,								Written Assignment					<i>Clinical Written</i>	

culturally sensitive behaviors in professional practice with self, individuals, groups and communities.								(Community Assessment)					<i>Assignment (Journal)</i>
L04 Evaluate research to improve health outcomes for clients and the community.							<i>Written Assignment(Critical Appraisal)</i>						<i>Clinical Written Assignment (Journal)</i>
