

MGA
Academic Program - Course Schedule and Learning Outcomes

Campus: Cochran

College/School: SOHS

Department: OT

Academic Degree: A.S.

Major: OTA

Track (if applicable): N/A

What are the Program Learning Outcomes?

A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

1. **Students will be able to articulate and apply occupational therapy principles and intervention tools to achieve expected outcomes as related to occupation.**

2. **Students will be able to apply therapeutic use of occupations with individuals or groups for the purpose of participation in roles and situation in the home, school, workplace, community, and other settings.**

3. **Students will uphold the ethical standards, values, and attitudes of the occupational therapy profession.**

4. **Students will demonstrate entry-level competence in the delivery of occupational therapy intervention to address physical, cognitive, psychosocial, sensory, and other aspects of performance in a variety of contexts and environments to support engagement in everyday life activities that affect health, well-being, and quality of life.**
