The minor in Information Technology contains a total of 15 hours of coursework with a minimum of 9 hours in upper division courses.

**Required Coursework**

One course is required, ITEC 2215 Introduction to Information Technology or ITEC 2201 Business Information Applications. The additional four courses may be selected from any courses in the IT curriculum, at least three of which must be at the 3000 or 4000 level.

IT Required Course (3 hours)	Hours	Grade
Check One: <input type="checkbox"/> ITEC 2215 or <input type="checkbox"/> ITEC 2201	3	
IT Electives (12 hours)		

While any combination of courses meeting the above requirements will be suitable for a minor, the School of Information Technology recommends that at least some of the selected courses focus on competencies central to the information technology profession. Courses selected from the following list will accomplish this goal.

- ITEC 2380 Web Development
  - ITEC 2320 Networking Essentials
  - ITEC 3155 Systems Analysis
  - ITEC 3235 Human Computer Interaction
  - ITEC 3236 Interactive Digital Media
  - ITEC 3245 Database Principles
  - ITEC 3300 Project Management
  - ITEC 3340 Business Analysis Using Excel
  - ITEC 4205 Legal and Ethical Issues in Information Technology
- And any other ITEC courses approved by the Dean of the School of Information Technology*

Note: Courses taken from this list to satisfy a major may not be used for credit toward the completion of this minor.

**All substitutions must be approved by the Dean of the School of Information Technology.**
