# Accredited Airport Executive (A.A.E.) Scholarship

## The Program and its Purpose

The American Association of Airport Executives (AAAE) Foundation is pleased to award non-renewable scholarships to undergraduate and graduate students who are enrolled, or planning to enroll, in accredited colleges, universities, community colleges, vocational or technical schools, or nursing schools. All schools must be accredited by a regional or national accrediting agency recognized by the U.S. Department of Education. Scholarship recipients can be enrolled in any course of study, and all eligible applicants receive scholarships so long as funds are available.

## Management of the Program

All phases of the scholarship program are independently managed by Scholarship Managers (SM), a national, non-profit scholarship service organization with extensive experience in the management of scholarship programs. SM has the sole responsibility for evaluating the applications and selecting the award winners.

## Who Is Eligible

Students are eligible to apply if they, their spouse, or one of their parents is an active A.A.E. **AND** a member of their regional AAAE chapter. These individuals must be full-time employees of a public-use airport at the time of application. The term "children" under the program means natural or legally adopted children, stepchildren and legal wards supported wholly by the guardian who is an active A.A.E.

Students must be enrolled in full-time education programs; except for active A.A.E.s who receive the scholarship for their personal use, who may be enrolled in part-time education programs. Students, other than A.A.E.s, may only receive an A.A.E. Scholarship Program award for a maximum of four years (do not have to be consecutive).

If after the application deadline, before checks have been issued and even after you have been notified as a recipient, an A.A.E. (and his/her spouse or children) terminates their membership with AAAE or their regional AAAE chapter, or leaves the employment of a public-use airport, he/she will no longer be eligible for scholarship assistance. Multiple applications are accepted from the same family. A separate application is required for each student.

## Selection Criteria

The following selection criteria are used: academic records, participation in school and community activities, work experience, and a personal statement. Financial need is considered only in determining the size of the award. All financial information and academic records submitted in the application process are kept confidential by SM, and AAAE Foundation personnel do not have access to the applications or transcripts submitted.

Please note that students may only be a recipient of one AAAE scholarship program per year. Students may apply for multiple programs, but if the student is selected in one program he or she will not be eligible to be a recipient in another program.

## The Awards

The minimum award amount for 2019 will be $3,000. Awards may be larger based on the regional AAAE chapter that the active A.A.E. belongs to. The size of the award may be impacted by the amount of money available from the Foundation in any given year.

## Restrictions

Awards must be used to pay for tuition, books, lab fees or other approved school-related expenses. Awards may not be used to pay for room and board.

In no instance will the award amount exceed the tuition and related fees for an individual student. Award balances greater than $500 remaining in a student's account after the tuition is paid must be returned to the AAAE Foundation. Award balances of $500 or less may remain in the student's account and be used for educational expenses, excluding room and board.

## Application Process

**The following must be mailed in one envelope:**

- Completed and signed application

All applicants will be notified by letter of their status in April 2019. Recipients must notify SM of acceptance of their award within three weeks of notification or the awards may be forfeited. The AAAE Foundation will provide the award in a single check payable jointly to the recipient and his or her school. The school typically will split the funds between the Fall and Spring semesters. The check will be mailed to the address provided by the recipient in July 2019. Scholarships may be held for a reasonable period of time in the case of an approved leave of absence, serious illness or injury that interrupts studies.
