## Join MGA for table conversation!

---

Middle Georgia State University (MGA) is proud to participate in On the Table Central Georgia by hosting 10 conversation tables during the week of March 3-7.

On the Table, sponsored by The Community Foundation of Central Georgia, offers a unique platform to bring together diverse voices for meaningful discussions on key community issues. By finding common ground on the challenges that matter most, we can inspire powerful change.

We invite you to join one of MGA's hosted tables! These conversations have the potential to spark ideas that can shape the future of Central Georgia. MGA's hosting locations include Macon, Warner Robins, Eastman, Cochran, and a virtual option. Below, you'll find the dates, times, topics, and locations for our discussions.

Visit [www.onthetablecentralga.com](http://www.onthetablecentralga.com) to see all the available tables and register to attend the ones that interest you.

We look forward to having you at the table!

Date	Time	Campus/Location	Topic
