Assessment Plan
How will a student know they are learning what they need to learn to be successful when they graduate?

Please identify which type of learning activity will be used to teach the learning goal. Also identify the learning objective associated with the learning goal being taught. A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

	Learning Outcome	Assessment Types	Data Collection Points*	Target Performance
Learning Outcome 1	Students will recognize aspects of the formal criminal justice process.	Multiple Choice	End of Spring semester	70% of students should score of 70% or above on assessment.
Learning Outcome 2	Students will identify various social responses to deviance, components of the corrections system and their functions.	Multiple Choice	End of Spring semester	70% of students should score of 70% or above on assessment.
Learning Outcome 3	Students will identify and explain the essential elements of crime and aspects of criminological research.	Free response writing Questions and Multiple Choice Questions	End of Spring semester	70% of students should score of 70% or above on assessment.
Learning Outcome 4	Students will identify and recognize the constitutional basis of criminal law and law enforcement.	Multiple Choice	End of Spring semester	70% of students should score of 70% or above on assessment.

*Data collected for assessment purposes should be segmented by program location. Cochran, Macon, Dublin, Eastman, Warner Robins, or online students should be analyzed separately.

Curriculum Map
Where in a student's academic program will they be taught the content of each learning outcome and how will the content be taught?

Please identify the method of instruction (i.e. case study, lecture, experiential instruction, team activity, writing assignment, quantitative exercise) used to teach the learning outcome in courses required in the major. Not all major courses need to teach all learning outcomes.
