Assessment Plan
How will a student know they are learning what they need to learn to be successful when they graduate?

Please identify which type of learning activity will be used to teach the learning goal. Also identify the learning objective associated with the learning goal being taught. A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

	Goal Statement	Assessment Types	Data Collection Points*	Target Performance
Learning Outcome 1	Students will review and critique the role and responsibility that law enforcement plays in the American criminal justice system.	Multiple Choice	End of Semester	Score of 70% or above on assessment.
Learning Outcome 2	Students will compare and contrast major theories of criminal behavior.	Multiple Choice	End of Semester	Score of 70% or above on assessment.
Learning Outcome 3	Students will identify and discuss qualitative and quantitative research methods used in social sciences research.	Multiple Choice	End of Semester	Score of 70% or above on assessment.
Learning Outcome 4	Students will appraise and critique the role that the courts play in the American criminal justice system.	Multiple Choice	End of Semester	Score of 70% or above on assessment.

Data collected for assessment purposes should be segmented by program location. Cochran, Macon, Dublin, Eastman, WR, or online students should be analyzed separately.

Curriculum Map
Where in a student's academic program will they be taught the content of each learning outcome and how will the content be taught?

Please identify the method of instruction (i.e. case study, lecture, experiential instruction, team activity, writing assignment, quantitative exercise) used to teach the learning outcome in courses required in the major. Not all major courses need to teach all learning outcomes.
